POTENCY-VALIDATED ASTRAGALOSIDE IV CONTENT

Astragalus root has been used for thousands of years to improve the immune system. With alternative and complementary medicine gaining in popularity and acceptance, astragalosides IV sits at the forefront of modern-day nutraceutical research for good reasons.

Astragalus contains a mosaic of beneficial compounds, with astragaloside IV (AS-IV) being the most biologically active among them. Sophisticated extraction techniques make supplementation with therapeutic dosage possible.

Astragaloside IV has many beneficial properties. It is well known to increase vitality from the cellular level up; however, its clinically proven support for immune-system function positions this compound well for healthy immunity.

The biological activity of astragaloside IV works by stimulating the body's innate immune cells, acting as a catalyst for an immune-cell network already in place.

Each plant-sourced capsule delivers 500 mg of astragalus extract, yielding 3% (15 mg) of astragaloside IV. This will help strengthen your immune system so that it is ready to keep health problems at bay.

Make Life Better · newrootsherbal.com

Each vegetable capsule contains:

Astragalus (*Astragalus membranaceus*) root extract,
3% astragaloside IV 500 mg

Other ingredients:

Vegetable magnesium stearate and silicon dioxide in a non-GMO vegetable capsule composed of vegetable carbohydrate gum and purified water.

#2713 · 30 vegetable capsules

V0362-R4 · NPN 80115781

Directions of use:

Adults: Take 1 capsule daily or as directed by your health-care practitioner.

Manufactured under strict GMP (Good Manufacturing Practices).
